

## The Duncan Street Miracle Garden

# Solar Powered Gazebo Project

May 9, 2024

### Overview

The objective of this project is to branch the community to more reliable resources and a creative thinking space. The Solar Powered Gazebo Project will be another empowering community commitment made by Broadway East CDC

### Goals

1. **Greenspace Convenience: Advancing the Greenspace into 2024**
2. **Making TEENS love the GREEN:** Creating an innovating thinking space, comfortable fun zone and allowing the community to embrace their environment.

### Specifications

The Solar Power Gazebo Project is design to allow marginalized communities to enjoy the natural environment that surrounds them It brings an uplifting sight to the community and a sense of bringing East Baltimore and Baltimore city back to “The City that READS and not BLEEDS”- Brittaney A. Williams.
